PROFILE

Bachelor's degree holder in Computer Science and Information Technology (CSIT) from NCIT with experience in front-end development. Skilled in building responsive, user-friendly interfaces and collaborating on high-quality projects. A proactive learner passionate about technology and eager to contribute to impactful solutions. Always seeking new challenges to grow and improve professionally.

WORK EXPERIENCE

Front-End Web Developer

Aug 2024 - Current

Techmind Solutions

- Built and maintained responsive web applications, translating design mockups into functional, interactive user interfaces using HTML, CSS, and JavaScript.
- Collaborated with the back-end development team to integrate APIs and ensure seamless functionality.
- Collaborated with the design team to ensure accurate implementation of UI/UX designs and an optimal user experience.

UI UX Designer

AwakeTech Solutions

Mar 2024 - June 2024

- Designed user interfaces for the "Innovative Job" platform, focusing on creating an intuitive and visually appealing user experience.
- Created wireframes and prototypes to illustrate design concepts and gather input from stakeholders.

PROJECTS

Nabil Remit

- Developed a responsive and user-friendly website based on provided UI/UX designs using HTML, CSS, and JavaScript.
- Translated design specifications into functional web pages while ensuring accuracy and consistency.
- Optimized the website for performance, accessibility, and mobile responsiveness.
- Collaborated with the design and back-end teams to integrate APIs and align the website with project objectives.
- Conducted testing and resolved UI/UX issues to enhance the overall user experience.
- Ensured cross-browser compatibility and adherence to web standards.

Innovative Job

- Created wireframes and interactive prototypes, iterating designs based on stakeholder feedback.
- Ensured intuitive, user-centered design aligned with project goals.
- Developed a style guide for consistent UI across the platform.
- Collaborated with stakeholders and team members in design reviews and meetings.
- Enhanced functionality and user experience through iterative design changes.
