

SARTHAK SHAKYA

Full Stack Developer | UI/UX Designer | Video Editor

Lalitpur, Nepal | +977-9865375938 | [linkedin.com/in/shakya-sarthak](https://www.linkedin.com/in/shakya-sarthak) | shakyasarthak.com.np

PROFESSIONAL SUMMARY

MERN-stack full stack developer with experience building responsive web interfaces, REST APIs, database-backed applications and practical UI/UX. Also creates promotional and short-form video content using DaVinci Resolve and Adobe Premiere Pro.

EXPERIENCE

Freelance Full Stack Developer & Video Editor | Independent Jan 2026 - Present

- Build and maintain MERN web applications covering responsive interfaces, REST APIs, data integration and deployment.
- Provide UI/UX design and video-editing services for digital products and brands including GoPanora, Bobalicious and Gigways.

Software Engineer | Kathmandu Codes 2025 - Jan 2026

- Designed user interfaces and visual assets for client and internal projects, balancing usability, branding and implementation needs.

Frontend Developer & UI/UX Designer | Techmind Solutions Aug 2024 - Jan 2025

- Contributed to Nabil Remit (nRemit), building and refining responsive financial-service interfaces and coordinating design with implementation.

UI/UX & Web Developer Intern | AwakeTech Solutions Mar 2024 - Jun 2024

- Worked on Innovative Job using React, TypeScript, Vite, Mantine, SASS, Redux Toolkit, Axios and GSAP, with Node.js/Express exposure.

SELECTED WEB DEVELOPMENT PROJECTS

GoPanora - 360 Virtual Tour Platform | React / TypeScript / Supabase | gopanora.com

- Built tools for creating and sharing interactive 360° tours with panorama management, hotspots, share links, embeds and QR access.

Bobalicious - Ordering & Business Website | Full Stack Web Development | bobalicious-np.vercel.app

- Built a product-ordering website with internal functionality for orders, inventory, sales and product-cost tracking.

Gigways | Web Development | gigways.com

- Contributed responsive web interfaces and product-focused website content for Gigways.

VIDEO EDITING

DaVinci Resolve & Adobe Premiere Pro - Promotional videos, social-media edits, product explainers and branded short-form content for GoPanora, Bobalicious and Gigways.
