SEE

Ideal Model School

Completed in 2017

+2 Science

Kathmandu Model College

2017 - 2019

B.Sc.CSIT

NCIT

2019 - 2024

PROFILE

I have recently completed my Bachelor's degree in CSIT from NCIT and am awaiting the official results. A proactive learner excited to explore different aspects of the tech industry with willingness to learn from my peers and mentors. Excited to bring my passion for technology and my commitment to excellence to a new role in the industry.

WORK EXPERIENCE

UI UX Designer

AwakeTech

Mar 2024 - June 2024

- Designed user interfaces for the "Innovative Job" platform, focusing on creating an intuitive and visually appealing user experience.
- Conducted usability testing to gather feedback and refine the design based on user behavior and preferences.
- Created wireframes and prototypes to illustrate design concepts and gather input from stakeholders.

PROJECTS

Innovative Job

- Created initial wireframes and interactive prototypes for the project.
- Finalized the design by iterating and incorporating feedback from stakeholders.
- Applied user-centered design principles to ensure an intuitive and accessible user interface.
- Worked closely with stakeholders to align the design with project goals and user needs.
- Developed a comprehensive style guide to maintain consistency across the platform.
- Participated in team meetings and design reviews.
- Implemented design changes based on user feedback to enhance the platform's functionality and user experience.

CERTIFICATIONS

Google UX Design (Coursera), Digital marketing Workshop (ICT Club), Machine learning and AI Workshop (ICT Club)

The undersigned hereby declare that to the best of my knowledge and belief this CV correctly describes me and my qualifications.
